Students and Parents:

Welcome to school year 2009–2010! The staff of Paint Creek ISD looks forward to working with both students and parents. We hold high expectations for success and achievement for all of our children. The research is clear; when we expect the best, we are more likely to get the best. This is especially true of students. When we set high expectations and reward good behavior, we are much more likely to see students doing good things for themselves and for others. To this end, the faculty and staff at Paint Creek pledge themselves to making every opportunity available for students to be successful each day and to the development of behaviors that are good for themselves and others. You are invited to be a part of our school by contributing to our activities and supporting it in all phases of school life. When you do so, you can contribute to the high traditions of Paint Creek ISD. Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

Mission Statement:

Because the community of Paint Creek cares, we will empower all students to be successful. Students will use teamwork and a 21st century curriculum to gain knowledge and set goals to achieve responsibility, confidence, and good manners to become quality citizens.

Address:

Paint Creek ISD

SCHOOL SONG

So, hail to old Paint Creek
Maroon and the White,
Long may her colors fly
Fly on your sons and your daughters too
The Spirit must not die.
So, hail to old Paint Creek,
Maroon and the White
What care we for the rest
We will do or we will die
For Old Paint Creek;
The school that we love best!

PAIN T CREEK ISD 2009-2010 PERSONNEL

ADMINISTRATION

Donald L. Ballard	Superintendent
Jim Raughton	Principal
Jeanie Waters	Secretary
Sarah Rhoads	Business Manager
Sherrie Raughton	Counselor

TEACHERS

Amy Jimenez	Pre-K/Kindergarten
Esther Waggoner	1 st Grade
Tracey Graham	2 nd Grade
Tammi Hawkins	3 rd Grade
Shalyn Rosenbaum	4 th Grade
Barbara Utley	5 th Grade
Nan Sublett	Reading Coach
Roy Gardner	Math/Yearbook
Phoi McGuire	6 th Grade

Dana Pendergraft
Brenda Reel
Bruce Waters

The Paint Creek ISD Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

Section I—REQUIRED NOTICES AND INFORMATION FOR PARENTS—with notices that the district must provide to all parents, as well as other information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook; and

Section II—INFORMATION FOR STUDENTS AND PARENTS —organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Paint Creek ISD *Student Code of Conduct*, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found as an attachment to this handbook and as a separate document posted on the school website.

The student handbook is designed to be in harmony with board policy and the *Student Code of Conduct*. Please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect student handbook provisions will be made available to students and parents through newsletters and other communications.

In case of conflict between board policy or the *Student Code of Conduct* and any provisions of the student handbook, the provisions of board policy or the *Student Code of Conduct* that were most recently adopted by the board are to be followed.

After reading through the entire handbook with your child, keep it as a reference during this school year. If you or your child has questions about any of the material in this handbook, please contact a teacher, the school counselor, or the principal.

Also, please complete and return to your child’s campus the following required forms included in the forms packet accompanying this handbook:

1. Parental Acknowledgment Form;
2. Student Directory Information Form;
3. Release of Information to Military Recruiters and Institutions of Higher Learning Forms; and
4. Consent/Opt-Out Forms.

[See **Obtaining Information and Protecting Student Rights** on page 6 and **Directory Information** on page 12 for more information.]

Please note that references to policy codes are included so that parents can refer to current board policy. A copy of the district's policy manual is available for review in the school office.

SECTION I: REQUIRED NOTICES AND INFORMATION FOR PARENTS

This section of the Paint Creek ISD Student Handbook includes several notices that the district is required to provide to you, as well as other information on topics of particular interest to you as a parent.

STATEMENT OF NONDISCRIMINATION

In its efforts to promote nondiscrimination, Paint Creek ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, or disability in providing education services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The following district staff members have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex.
- Section 504 Coordinator, for concerns regarding discrimination on the basis of disability.
- All other concerns regarding discrimination:

Superintendent, Don Ballard

Phone: 940-864-2471

PARENTAL INVOLVEMENT

Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the counselor or principal any questions you may have about the options and opportunities available to your child.

- Reviewing the requirements of the graduation programs with your child, if your child is entering ninth grade.
- Monitoring your child’s academic progress and contacting teachers as needed. [See **Academic Counseling** on page 23 and **Academic Programs** on page 18.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office at 940-864-2868 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences** on page 39.]
- Becoming a school volunteer. [For further information, see policies at GKG and contact the principal.
- Participating in campus parent organizations. Parent organizations include: PTO.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. For further information, see policies at BQA and BQB, and contact the principal.
- Serving on the School Health Advisory Council, assisting the district in ensuring local community values are reflected in health education instruction. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council** on page 33.]
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

PARENTAL RIGHTS

Obtaining Information and Protecting Student Rights

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.

- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

“Opting Out” of Surveys and Activities

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing or selling that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

Limiting the Display of a Student’s Artwork and Projects

As a parent, if you do not want your child’s artwork, special projects, photographs, and the like to be displayed on the district’s Web site, in printed material, by video, or by any other method of mass communication, you must notify the principal in writing.

Requesting Professional Qualifications of Teachers and Staff

You may request information regarding the professional qualifications of your child’s teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

Reviewing Instructional Materials

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

Inspecting Surveys

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

Accessing Student Records

You may review your child's student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and counselor evaluations,
- Reports of behavioral patterns, and
- State assessment instruments that have been administered to your child.

[See **Student Records** on page 10.]

Granting Permission to Video or Audio Record a Student

As a parent, you may grant or deny any written request from the district to make a video or voice recording of your child. State law, however, permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a cocurricular or extracurricular activity;
or
- When it relates to media coverage of the school.

Removing a Student Temporarily from the Classroom

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent

activity that follows. [See **Pledges of Allegiance and a Minute of Silence** on page 38 and policy EC(LEGAL).]

Excusing a Student from Reciting a Portion of the Declaration of Independence

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK(LEGAL).]

Requesting Notices of Certain Student Misconduct

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to your child’s misconduct that may involve placement in a Disciplinary Alternative Education Program (DAEP) or expulsion. [See policy FO(LEGAL) and the *Student Code of Conduct*.]

Requesting Transfers for Your Child

As a parent, you have a right:

- To request the transfer of your child to another classroom or campus if your child has been determined by the board or its designee to have been a victim of bullying as the term is defined by Education Code 25.0341. Transportation is not provided for a transfer to another campus. See the superintendent for information. [See policy FDB.]
- To request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. Transfer options may include a transfer agreement with another school district. [See policy FDD(LOCAL).]
- To request the transfer of your child to another campus or a neighboring district if your child has been the victim of a sexual assault by another student assigned to the same campus, whether that assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. [See policies FDD(LEGAL) and (LOCAL).]

OTHER IMPORTANT INFORMATION FOR PARENTS

Parents of Students with Disabilities

Parents of students with learning difficulties or who may need special education services may request an evaluation for special education at any time. For more information, see **Special Programs** on page 43 and contact Mrs. Lisa Frierson at 940-864-2471.

Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other support services that are available to all students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide consent for the evaluation. The district must complete the evaluation and the report within 60 calendar days of the date the district receives the written consent. The district must give a copy of the report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with a written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parent of his or her rights if the parent disagrees with the district. Additionally, the notice must inform the parent how to obtain a copy of the *Notice of Procedural Safeguards—Rights of Parents of Students with Disabilities*.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education is Mrs. Lisa Frierson at 940-864-2471.

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. [See policy FDB(LOCAL).]

Services for Title I Participants

The Parent Involvement Coordinator, who works with parents of students participating in Title I programs is the principal and may be contacted at 940-864-2868.

Student Records

Both federal and state law safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights. For purposes of student records, an "eligible" student is one who is 18 or older OR who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights. Federal law requires that, as soon

as a student becomes 18 or is emancipated by a court, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes.

- District staff members who have what federal law refers to as a “legitimate educational interest” in a student’s records. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; or investigating or evaluating programs. Such persons would include school officials (such as board members, the superintendent, and principals), school staff members (such as teachers, counselors, and diagnosticians), or an agent of the district (such as a medical consultant).
- Various governmental agencies.
- Individuals granted access in response to a subpoena or court order.
- A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she subsequently enrolls.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. If circumstances prevent inspection during these hours, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent (or eligible student) may inspect the student’s records and request a correction if the records are considered inaccurate or otherwise in violation of the student’s privacy rights. If the district refuses the request to amend the records, the requestor has the right to request a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student’s record. Although improperly recorded grades may be challenged, contesting a student’s grade in a course is handled through the general complaint process found in policy FNG(LOCAL). [See **Report Cards/Progress Reports and Conferences** on page 39 and **Student or Parent Complaints and Concerns** on page 20 for an overview of the process.]

Copies of student records are available at a cost of ten cents per page, payable in advance. If the student qualifies for free or reduced-price lunches and the parents are unable to view the records during regular school hours, one copy of the record will be provided at no charge upon written request of the parent.

Directory Information

The law permits the district to designate certain personal information about students as “directory information.” This “directory information” will be released to anyone who follows procedures for requesting it.

However, release of a student’s directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year [or on another date established by the district]. [See the “Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information” included in this handbook OR included in the forms packet.]

Directory Information for School-Sponsored Purposes

The district often needs to use student information for the following school-sponsored purposes: student directory, student yearbook, and district publications.

For these specific school-sponsored purposes, the district would like to use your child’s name; address; telephone listing; e-mail address; photograph; date and place of birth; honors and awards received; dates of attendance; grade level; most recent school previously attended; participation in officially recognized activities and sports; weight and height, if a member of an athletic team; and enrollment status. This information will not be released to the public without the consent of the parent or eligible student.

Unless you object to the use of your child’s information for these limited purposes, the school will not need to ask your permission each time the district wishes to use this information for the school-sponsored purposes listed.

Release of Student Information to Military Recruiters and Institutions of Higher Education

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students’ names, addresses, and telephone listings, unless parents have advised the district not to release their child’s information without prior written consent. A form has been attached for you to complete if you do not want the district to provide this information to military recruiters or institutions of higher education.

Please note:

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The district’s policy regarding student records is available from the principal’s or superintendent’s office.

The parent’s or eligible student’s right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as teachers’ personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

Bacterial Meningitis

State law specifically requires the district to provide the following information:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1 year old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students,

particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us/>.

SECTION II: INFORMATION FOR STUDENTS AND PARENTS

Topics in this section of the handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is conveniently organized in alphabetical order to serve as a quick-reference when you or your child have a question about a specific school-related issue. Should you be unable to find the information on a particular topic, please contact the principal at 940-864-2868.

ABSENCES/ATTENDANCE

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws, one dealing with compulsory attendance, the other with attendance for course credit, are of special interest to students and parents. They are discussed below:

Compulsory Attendance

State law requires that a student between the ages of six and 18 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her 18th birthday is required to attend each school day. If a student 18 or older has more than five unexcused absences in a semester, however, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of the reading diagnosis test.

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction (termed “accelerated instruction” by the state) assigned by a grade placement committee and basic skills for ninth graders; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or

- Is absent on three or more days or parts of days within a four-week period.

Attendance for Credit

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit, if appropriate.

The Board shall establish an attendance committee or as many committees as necessary for efficient implementation of Education Code 25.092. The Superintendent or designee shall make the specific appointments in accordance with legal requirements.

A student and the student's parent or guardian shall be given written notice prior to and at such time when a student's attendance in any class drops below 90 percent of the days the class is offered. When a student's attendance drops below 90 percent of the days the class is offered, the student, parent, or representative may request award of credit by submitting a written petition to the appropriate attendance committee. The attendance committee shall review the student's entire attendance record and the reasons for absences, and shall determine whether to award credit. Petitions for credit may be filed at any time the student receives notice, but in any event, no later than 30 days after the last day of classes.

The attendance committee may review the records of all students whose attendance drops below 90 percent of the days the class is offered, whether or not a petition is filed. Students who have lost credit because of excessive absences may regain credit by fulfilling the requirements established by the attendance committee. When a student's absence for personal illness exceeds five consecutive days, the student shall present a statement from a physician or health clinic verifying the illness or condition that caused the student's extended absence from school. If the student has established a questionable pattern of absences, the attendance committee may also require a physician's or clinic's statement of illness after a single day's absence as a condition of classifying the absence as one for which there are extenuating circumstances. The attendance committee shall adhere to the following guidelines to determine attendance for credit:

1. All absences shall be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for religious holy days and health care appointments shall be considered days of attendance for this purpose. [See FEB]
2. A transfer or migrant student incurs absences only after his or her enrollment in the District.
3. In reaching consensus regarding a student's absences, the committee shall attempt to ensure that its decision is in the best interest of the student.
4. The Superintendent or designee shall develop administrative regulations addressing the committee's documentation of the decision.
5. The committee shall consider the acceptability and authenticity of documented reasons for the student's absences.

6. The committee shall consider whether the absences were for reasons out of the student's or parent's control.
7. The committee shall consider whether or not the student has completed assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
8. The student or parent shall be given an opportunity to present any information to the committee about the absences and to discuss ways to earn or regain credit.

The committee may impose any of the following conditions for receiving credit lost because of excessive absences:

1. Completing additional assignments, as specified by the committee or teacher.
2. Satisfying time-on-task requirements before and/or after school.
3. Attending tutorial sessions as scheduled.
4. Maintaining the attendance standards for the rest of the semester.
5. Completing work associated with Plato credit recovery.

In all cases, the student must also earn a passing grade in order to receive credit. A parent or student may appeal the decision of the attendance committee in accordance with FNG(LOCAL) beginning at Level Three.

The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

Parent's Note After An Absence

When a student must be absent from school, the student—upon returning to school—must bring a note, signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older.

Doctor's Note After An Absence for Illness

Upon return to school, a student absent for more than five consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. [See FEC(LOCAL).]

Driver License Attendance Verification

To obtain a driver license, a student between the ages of 16 and 18 must provide to the Texas Department of Public Safety a form obtained from the school verifying that the student has met the 90 percent attendance requirement for the semester preceding the date of application. The student can obtain this form at the school office.

Excused Absences Are Classified as Follows:

- A juvenile court proceeding documented by a probation officer.
- An absence required by state or local welfare authorities.

- A temporary absence resulting from any cause acceptable to the principal or designee including personal illness or illness or death in the immediate family.
- A family emergency or unforeseen or unavoidable instance requiring immediate attention, as determined by the school.
- Approved college visits.

Unexcused Absences Are Classified as Follows:

- Truancy and being absent without parent or school consent.
- Suspension
- Missing the bus, oversleeping, or car trouble.
- Reasons not approved in advance with the principal.
- Studying for tests, doing other schoolwork, or leaving school before set departure time for school trips or functions.

Students Should Follow These Steps When Absent:

- Have parent or guardian write an excuse: giving name, date, days of absence, and reason for absence.
- Present excuse to the school secretary in the office immediately upon arriving at school (before the first period bell), where you will receive an admission slip. This written excuse must be submitted within three school days after the absence, or the absence will be un-excused.
- Upon returning to school, students are to make immediate contact with teachers to make up work missed due to excused absence. Grades will reflect the work missed if the work is not made up. Under normal circumstances, all work of this nature must be complete and given to the teacher within one (1) week. When a student is truant, the work missed cannot be made up. Leaving school without school authorities' permission and not signing out in the office is considered truancy.

Absences / Extracurricular Activities

If a student is absent during any of the school day, they will not be allowed to participate in any extracurricular activities or practices without approval from the principal.

ACADEMIC PROGRAMS

The school counselor provides students and parents information regarding academic programs to prepare for higher education and career choices. [For more information, see page 16 of this handbook and policies at EIF.]

[See **Academic Counseling** on page 23.]

AWARDS AND HONORS

NATIONAL HONOR SOCIETY

To be eligible for admission into the National Honor Society, the student must have an overall average grade of 88 or above and must take and pass all sections of the TAKS. From there the faculty council, based on the following, will use a point system: scholarship, character, leadership, and service.

Scholarship and Service Points are transferable from previously attended schools. A student must have attended Paint Creek for at least one full semester to be considered. Members in good standing from other schools will be accepted into the Paint Creek Chapter.

Students must maintain the standards under which they were inducted. Students will be warned of failures to maintain standards of the Society. If the deficiency is not corrected, the faculty council may dismiss the member.

CAREER AND TECHNOLOGY PROGRAMS

The district offers career and technology programs in Vocational Agriculture, Family and Consumer Science, and Technology Education. Admission to these programs is based on availability and class scheduling.

Paint Creek ISD will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

CLASS RANK / TOP TEN PERCENT / HIGHEST RANKING STUDENT

At the end of the fifth reporting period, members of the senior class and the eighth grade shall be ranked academically by averaging grades of all subjects during the high school or junior high career. The highest ranking senior and the highest ranking student in the eighth grade shall be declared valedictorians and the second highest ranking students shall be salutatorians.

To be eligible for the top two positions in the respective classes, a student must be enrolled in the District for a period of two years immediately preceding graduation. The top senior students must be on the recommended graduation plan or higher. All subjects shall be used to average the grades except physical education.

To compute grades for class rank, valedictorian, and salutatorian, ten points shall be added to grades of 70 and above in classes that are categorized as advanced according to administrative regulations.

For two school years following their graduation, district graduates who rank in the top ten percent of their graduating class are eligible for automatic admission into four-year public universities and colleges in Texas. Students and parents should contact the counselor for further information about the application process and deadlines.

[For further information, see policies at EIC.]

CLASS SCHEDULES

All students will be enrolled for the new school year each August. At this time, they will select their own schedules. Schedules will not be changed after the first three days of each semester.

COLLEGE CREDIT COURSES

Eligible students may enroll in partnership programs with Texas colleges or universities in accordance with the agreement between the District and the college or university.

These partnerships programs may include:

1. Award of high school credit only.
2. Award of concurrent course credit at community colleges.
3. Award of dual credit at universities.
4. Tech-prep programs.
5. Remedial or developmental instruction to pass state-mandated assessments or the Texas Higher Education Assessment (THEA) Test.

Credit toward high school graduation for completed courses shall be earned in accordance with District regulations and guidelines.

According to District criteria and guidelines, students may be awarded credit toward high school graduation for completing a college-level course in an accredited college or university that is not in a partnership program with the District.

COMPLAINTS AND CONCERNS

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office.

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

COMPUTER RESOURCES

To prepare students for an increasingly technological society, the district has made an investment in computer technology for instructional purposes. Use of these computer resources is restricted to students working under a teacher's supervision and for approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these resources; violations of this agreement may result in withdrawal of privileges and other disciplinary action.

Students and their parents should be aware that e-mail using district computers is not private and will be monitored by district staff. [For additional information, see policies at CQ.]

CONDUCT

Applicability of School Rules

As required by law, the board has adopted a *Student Code of Conduct* that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the *Student Code of Conduct*. Students and parents should be familiar with the standards set out in the *Student Code of Conduct*, as well as campus and classroom rules.

To achieve the best possible learning environment for all students, the *Student Code of Conduct* and other campus rules will apply whenever the interest of the district is involved, whether on or off school grounds, in conjunction with classes and school-sponsored activities.

Corporal Punishment

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the *Student Code of Conduct* and policy FO(LOCAL) in the district’s policy manual.

Disruptions

As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.

- Interference with the transportation of students in district vehicles.

Radios, CD Players, Other Electronic Devices and Games, and Cell Phones

Students are not permitted to possess such items as pagers, radios, CD players, tape recorders, camcorders, DVD players, cameras, electronic devices or games at school, unless prior permission has been obtained from the principal. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

For safety purposes, the district permits students to possess cell phones; however, cell phones must remain turned off during the instructional day, including during all testing. The use of cell phones in locker rooms or restroom areas at any time while at school is prohibited.

1st offense – cell phone brought to the office

2nd offense – parents will be called to pick up the cell phone from the office

3rd offense – a \$5.00 charge for the cell phone to be returned.

Any disciplinary action will be in accordance with the *Student Code of Conduct* and may include confiscation of the device. The school may charge the owner for the release of certain telecommunications devices [See policy FNCE.]

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

CONTAGIOUS DISEASES / CONDITIONS

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his or her child has a contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

The school nurse or the principal's office can provide information from the Department of State Health Services regarding these diseases.

CORRESPONDENCE COURSES

The district permits high school students to take correspondence courses—by mail or via the Internet—for credit toward high school graduation.

[For further information, see policies at EEJC.]

COUNSELING

Academic Counseling

Students and their parents are encouraged to talk with the school counselor, a teacher, or the principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each spring, students in grades eight through eleven will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and vocational opportunities.

To plan for the future, each student should work closely with the counselor and/or principal in order to enroll in the high school courses that best prepare him or her for attendance at a college, university, or training school, or for pursuit of some other type of advanced education. The counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Please be aware that not all courses are offered every year at Paint Creek High School.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns. A student who wishes to meet with the counselor should do so by making an appointment.

Psychological Exams, Tests, or Treatment

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

[For more information, refer to FFE(LEGAL) and FFG(EXHIBIT).]

CREDIT BY EXAM—If a Student Has Taken the Course

A student who has previously taken a course or subject—but did not receive credit for it—may, in circumstances determined by the teacher, counselor, principal, or attendance committee, be permitted to earn credit by passing an exam on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, correspondence courses, or independent study supervised by a teacher.

The counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

A student may not use this exam, however, to regain eligibility to participate in extracurricular activities.

[For further information, see the counselor and policies EEJA.]

CREDIT BY EXAM—If a Student Has Not Taken the Course

A student may be permitted to take an exam to earn credit for an academic course for which the student has had no prior instruction. The dates on which exams are scheduled during the 2008–2009 school year include will be determined on an individual basis.

A student will earn credit with a passing score of at least 90 on the exam.

If a student plans to take an exam, the student (or parent) must register with the principal no later than 30 days prior to the scheduled testing date. The district will honor a request by a parent to administer a test on a date other than the published dates. If the district agrees to administer a test other than the one chosen by the district, the parent must purchase a test from a university approved by the State Board of Education. [For further information, see EEJB(LOCAL).]

DISTANCE LEARNING

Spanish I and Spanish II are currently being offered via distance learning for high-school credit.

DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school newspaper, *The Captain's Log*, and the yearbook are available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

[See **Directory Information for School-Sponsored Purposes** on page 12.]

Nonschool Materials...from students

Students must obtain prior approval from the principal before posting, circulating, or distributing written materials, handbills, photographs, pictures, petitions, films, tapes, posters, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made in two school days.

The principal has designated certain secondary hallway bulletin boards as the location for approved nonschool materials to be placed for voluntary viewing by students. [See policies at FNAA.]

A student may appeal a principal's decision in accordance with policy FNG(LOCAL). Any student who posts nonschool material without prior approval will be subject to

disciplinary action in accordance with the *Student Code of Conduct*. Materials displayed without the principal's approval will be removed.

Nonschool Materials...from others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policies at GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the Superintendent for prior review. The Superintendent will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA, FNG, or GF.]

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

DRESS AND GROOMING

The district dress code has been established to teach hygiene, instill discipline, prevent disruption, avoid safety hazards, and teach respect for authority. Students shall come to school looking clean and neat, wearing clothing and exhibiting grooming that will not be a health or safety hazard to the student or others. The district prohibits pictures, emblems, or writings on clothing that are lewd, offensive, vulgar, or obscene. In addition, it prohibits those advertising or depicting tobacco products, alcoholic beverages, drugs, Satanism, sexual preferences, gang connotations (such as colored bandannas or Old English writing) or any other item prohibited under policy FNCF (L).

Dress Code Guidelines

This dress code applies to students on campus as well as on school-related trips and activities such as ballgames or other contests in which the student is a participant or spectator. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

The Paint Creek student will...

- Wear appropriate and modest attire at all times while on school property or attending school functions.
- Not wear any clothing items or jewelry that may cause disruptions or distractions. This includes but is not limited to: Tank tops, halter tops, tube tops, bathing suits, see-through clothing, unlined mesh clothing, pajamas, spaghetti straps, muscle shirts, bicycle shorts, baggy pants, exposed underwear, and torn or ripped clothing.
- Not wear headwear including but not limited to caps, bandanas, hats, head stockings, or toboggans indoors. Exceptions may be made to allow certain headwear deemed appropriate by the principal inside the gymnasium or Agriculture Education Building.
- Not wear sunglasses, except those prescribed by a doctor, allowed indoors.
- Wear pants at the natural waistline. No sagging or bagging will be allowed.
- Not wear clothing, emblems, or jewelry that displays, promotes, advertises, or makes reference to: drugs, narcotics, alcohol, tobacco or tobacco products, sex or sexual references, death, suicide, Satanism, or related words or images.
- Not wear any clothing, emblems, or jewelry that portrays obscene, vulgar, or offensive drawings, pictures, or representations.
- Wear shorts, dresses, or skirts that extend at least to the students relaxed fingertips. When wearing a skirt with a slit, the slit must not reach higher than fingertip length as above.
- Wear shoes that are appropriate for school. Footwear that may cause injury, distraction, or cause excessive noise will not be allowed. No house shoes, house slippers, or any shoes decorated with ribbons, bells, or noise making decorations will be allowed unless they are being worn for pre-determined dress-up spirit days.
- Not be allowed any facial hair. Sideburns must not extend below bottom of the ear.
- Wear no facial jewelry such as tongue, nose, eyebrow, lip, rings or studs. Male students will not be allowed to wear earrings at school or at any school activity. Covering the jewelry in any way will not be allowed.
- Not wear accessories that could be unsafe or disruptive. No spikes or chains will be allowed. This includes but is not limited to belts, bracelets, collars, necklaces or caps.
- Have no exposed chest, midriff, stomach, sides, lower back when sitting, and standing, bending or reaching above the head. Shirts should cover the waistband of the pants, skirt, or shorts and be of sufficient length to cover midriff and back in all situations. Buttons should be secured to within one of the top of the shirt, blouse, or dress. Shirts, blouses, or dresses that, when properly buttoned, still reveal the chest or midriff will not be allowed.

- If wearing overalls, have both straps properly secured and will have an appropriate shirt underneath. The shirt must meet dress code guidelines and must cover midriff, sides, and chest. Vests, if worn, must have appropriate shirt or blouse underneath and must cover according to dress code guidelines. Belts, if worn, must be properly buckled.
- Have hair that is neat, clean, and well groomed in appearance. Hair that is unnaturally colored in tints such as, but not limited to: red, blue, white, pink, orange, purple, green, or multiple colors will not be permitted due to the distractive nature of such hairstyles. Also, hair that is styled in a manner to draw attention such as, but not limited to: Mohawk, reverse Mohawk, spiked, partial shaving, unicorn, liberty, excessive length, or shaved designs will not be allowed at school or school-related activities.
- (Boys) hair must be off of the collar. Boys and girls may not have bangs that cover or hang in their eyes.
- Not have any visible tattoos, regardless to style or subject.
- Not wear or display any garment, emblem, jewelry, or hair design that denotes gang affiliation of any kind.
- Not wear clothing or footwear that may present a safety hazard in daily school activities such as art, agriculture, science, or athletic classes.
- Elementary girls must wear shorts under dresses and skirts. No bare midriffs or crop tops for elementary students.

Students thought to be in violation of the district dress and grooming policy will be sent to the office of evaluation. The principal or designee will determine if the student's dress or grooming is acceptable. If the student is in violation of the dress code:

First offense: the student will be given the opportunity to correct it at school. Alternative clothing will be available and the student must surrender the offensive clothing for the day if no other arrangement is reached to correct the problem. When the school day is over, the student will exchange the alternative garment for personal clothing. Jewelry in violation of the dress code will be surrendered to the administrator and will be returned at the end of the school day.

Second and subsequent offenses: consequences consistent with the student code of conduct and surrender of the offensive clothing or jewelry until the end of the semester.

EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS

Participation in school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Eligibility for participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. The following requirements apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than a class identified as honors or advanced by either the State Board of Education or by the local board of trustees—may not participate in extracurricular activities for at least three school weeks.
- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse.
- A student is allowed in a school year up to ten absences not related to post-district competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

Please note: Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the *Student Code of Conduct* or by local policy will apply in addition to any consequences specified by the organization's standards of behavior.

[For further information, see policies at FM and FO.]

FEES

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.

- Voluntarily purchased student accident insurance.
- Uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Fees for lost, damaged, or overdue library books.
- Fees for optional courses offered for credit that requires use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.

FUND-RAISING

Student groups or classes and/or parent groups may be permitted to conduct fund-raising drives for approved school purposes. An application for permission must be made to the principal's office at least five days before the event. [For further information, see policies at FJ and GE.] All fundraising activities can only be used for school-sponsored events or activities. Seniors will be given first priority on fund-raising activities. If a Senior Trip is planned for the end of the year, those who wish to participate are required to be involved in all fund-raising events and activities. If at any time during the course of the year, a senior chooses not to participate in the fund-raising, trip privileges may be revoked and money will not be refunded to the senior previously earned through fund raising. In the event a senior chooses at any time during the course of the year not to go on the trip, no money will be refunded to the senior earned through fund-raising.

GRADE CLASSIFICATION

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
5	Grade 10 (Sophomore)
10	Grade 11 (Junior)
15	Grade 12 (Senior)

GRADING GUIDELINES

In grades 1st – 12th, achievement is reported to parents in the form of three-week progress reports and six-week report cards. PK and Kindergarten progress is reported as determined by the teacher.

GRADUATION

Requirements for a Diploma

To receive a high school diploma from the district, a student must successfully complete the required number of credits and pass a statewide exit-level exam.

The exit-level test, required for students in grade 11, covers English language arts, mathematics, science, and social studies and requires knowledge of Algebra I, Geometry, Biology, Integrated Chemistry and Physics, English III, and early American and United States History, World History, and World Geography. A student who does not pass the exit-level assessment will have additional opportunities to take the test.

Graduation Programs

The district offers the graduation programs listed below. All students entering grade 9 are required to enroll in the Recommended High School Program or Distinguished Achievement (Advanced) Program. Permission to enroll in the Minimum Graduation Program will be granted only if an agreement is reached among the student, the student's parent or person standing in parental relation, and the counselor or appropriate administrator. [See policy EIF(LEGAL).]

Students who entered the ninth grade during the 2004–2005, 2005-2006, and 2006-2007 school years must meet the following credit requirements for graduation:

- Minimum Program 26 credits
- Recommended Program 26 credits
- Distinguished Achievement (Advanced) Program 28 credits

Beginning with the 2007–2008 school year, a student entering the ninth grade will be affected by new state graduation requirements for the Recommended Program and the Distinguished Achievement (Advanced) Program. To graduate under either of these programs, an incoming ninth grade student will have to earn an additional credit in math and an additional credit in science. The credit requirements for the various programs for students entering the ninth grade during this school year are provided below:

- Minimum Program 26 credits
- Recommended Program 26 credits
- Distinguished Achievement (Advanced) Program 28 credits

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or career and technology, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested. More information regarding graduation requirements may be obtained from the school counselor.

Certificates of Coursework Completion

A certificate of coursework completion will be issued to a senior student who successfully completes state and local credit requirements for graduation but fails to perform satisfactorily on the exit-level tests.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal committee, a student with disabilities may be permitted to graduate under the provisions of his or her individualized education program (IEP).

Graduation Activities

Graduation activities will include:

- Baccalaureate
- Commencement

Graduation Expenses

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior pictures—both student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Student Fees** on page 28.]

State Scholarships and Grants

- Under the Texas Early High School Graduation Scholarship Program, students who complete the Recommended or Distinguished Achievement (Advanced) High School Program may earn financial credits in varying amounts to apply toward college tuition. The amounts depend on the number of consecutive months in which the student completed graduation requirements and the number of early college credits earned and may be used at public or private higher education institutions within the state. The counselor can provide additional information about meeting the program's eligibility requirements.
- Students who have a financial need according to federal criteria and who complete the Recommended High School Program or Distinguished Achievement Program (Advanced) may be eligible under the T.E.X.A.S. Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. [For further information, see the counselor and policy EJ(LEGAL).]

HARASSMENT

The district believes that all students learn best in an environment free from harassment and that their welfare is best served when they can work free from discrimination. Students are expected to treat other students and district employees with courtesy and respect; to avoid behaviors known to be offensive; and to stop those behaviors when

asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, religion, color, national origin, gender, sex, or disability. [See policy FFH] Prohibited harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance. A copy of the district's policy is available in the principal's office and in the superintendent's office.

Examples of prohibited discrimination may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property. Examples of prohibited sexual harassment may include touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Reporting Procedures

Any student who believes that he or she has experienced prohibited harassment should immediately report the problem to a teacher, counselor, principal, or other district employee. The report may be made by the student's parent.

Investigation of Reported Harassment

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations will be promptly investigated. The district will notify the parents of any student alleged to have experienced prohibited harassment by an adult associated with the district.

In the event alleged harassment involves another student, the district will notify the parents of the student alleged to have experienced the prohibited harassment when the allegations, if proven, would constitute "sexual harassment" or "other prohibited harassment" as defined by policy.

If the district's investigation indicates that prohibited harassment occurred, appropriate disciplinary or corrective action will be taken to address the harassment. The district may take disciplinary action even if the conduct that is the subject of the complaint did not rise to the level of harassment prohibited by law or policy.

Retaliation against a person who makes a good faith report of prohibited harassment is prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

HEALTH-RELATED MATTERS

Physical Activity for Students in Elementary and Middle School

In accordance with policies at EHAB and EHAC the district will ensure that students in elementary school engage in at least 30 minutes of physical activity per day or 135 minutes per week.

The district offers at least 45 minutes of physical activity per day to students in middle or junior high school to meet district physical education requirements for these grades.

School Health Advisory Council

The district's School Health Advisory Council periodically holds meetings to discuss health-related school issues. Additional information regarding the district's School Health Advisory Council is available from the principal. [See also policies at BDF and EHAA.]

Vending Machines

The district has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines see the Superintendent. [See policies at CO and FFA.]

Other Health-Related Matters

Tobacco Prohibited

The district and its staff strictly enforce prohibitions against the use of tobacco products by students and others on school property and at school-sponsored and school-related activities. [See the *Student Code of Conduct* and policies at FNCD and GKA.]

Asbestos Management Plan

The district's Asbestos Management Plan is designed to be in compliance with state and federal regulations and is available in the Superintendent's office. Non-friable asbestos-containing material is present in Paint Creek ISD. A record of the periodic inspection, diagram of the location of non-friable asbestos-containing material, and a copy of relevant EPA regulations are available in the district Superintendent's office. If you have any questions, please contact the Superintendent.

Pest Management Plan

The district applies only pest control products that comply with state and federal guidelines. Except in an emergency, signs will be posted 48 hours before application. Parents who want to be notified prior to pesticide application inside their child's school assignment area may contact the Superintendent.

HOMELESS STUDENTS

For more information on services for homeless students, contact the district's Liaison for Homeless Children and Youths, the Superintendent at 940-864-2471.

HOMEWORK

One of the district goals is to make sure our graduates are equipped to become productive citizens. In an effort to help our students develop more responsibility and self-management, we must make them understand that completing and turning in assignments is their job. If they choose not to do required work then they choose to suffer the consequences.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services, Immunization Branch, can be honored by the district. The immunizations required are: diphtheria, rubeola (measles), rubella (German measles), mumps, tetanus, pertussis, poliomyelitis, hepatitis A, hepatitis B, and varicella (chicken pox). The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the Department of State Health Services. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition. [For further information, see policy FFAB(LEGAL) and the Department of State Health Services Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.]

LAW ENFORCEMENT AGENCIES

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken Into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

[For further information, see policy GRA(LEGAL).]

MAKEUP WORK

Routine and In-depth Makeup Work Assignments

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject/course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject/course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. [For further information, see policy EIAB(LOCAL).]

A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

- Excused absences: Students have full make-up work privileges.
- Unexcused absences: Students who have made prior arrangements with principal may do make up work and receive a grade of 70.
- Other Unexcused absences will merit a grade of zero unless the Attendance Committee stipulates alternative ways for the student to make up work. (Policy FEC). This make up work shall receive no grade higher than 70.
- Students who take a retest after remediation shall receive a grade no higher than 70.
- The District shall not impose a grade penalty for makeup work after an absence because of suspension.

A student will be permitted to make up tests and to turn in projects missed because of absence. A late penalty may be assigned to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

DAEP or In-school Suspension Makeup Work

A student removed to a Disciplinary Alternative Education Program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, coursework needed to fulfill the student's high school graduation requirements. The district may provide the opportunity to complete the coursework through an alternative method, including a correspondence course, distance learning, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available. [See policy FEA(LEGAL).]

Students and their parents are encouraged to discuss options with the teacher or counselor to ensure the student completes all work required for the course or grade level.

MEDICINE AT SCHOOL

District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policies at FFAC, may administer:
 - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
 - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
 - Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
 - Herbal or dietary supplements provided by the parent only if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities.
- In certain emergency situations, the district will maintain and administer to a student nonprescription medication, but only:
 - In accordance with the guidelines developed with the district’s medical advisor; and
 - When the parent has previously provided written consent to emergency treatment on the district’s form.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student’s individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

Psychotropic Drugs

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policies at FFAC.]

NONTRADITIONAL ACADEMIC PROGRAMS

[See **Requirements for a Diploma** on page 29.]

PHYSICAL EXAMINATIONS

All students playing UIL sports must have a current physical exam on file.

PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

One minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. [See policy EC(LEGAL) for more information.]

PRAAYER

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

PROMOTION AND RETENTION

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

In grades 1-5, promotion is based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies. In grades 6-8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies. Grade-level advancement for students in grades 9-12 shall be earned by course credits.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the Texas Assessment of Knowledge and Skills (TAKS), if the student is enrolled in a public Texas school on any day between January 1 and April 15 and is a Texas resident during the week that the TAKS is administered the first time.

- In order to be promoted to grade 4, students must perform satisfactorily on the reading section of the grade 3 assessment in English or Spanish.
- In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.

- Beginning with the 2007–2008 school year, in order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

Parents of a student in grade 3, 5, or 8 who does not perform satisfactorily on his or her exams will be notified that their child will participate in special instructional programs designed to improve performance. Such students will have two additional opportunities to take the test. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policies at EIE.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

A Personal Graduation Plan (PGP) will be prepared for any student in a middle school or beyond who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the counselor or principal and policy EIF(LEGAL).]

RELEASE OF STUDENTS FROM SCHOOL

Because class time is important, doctor’s appointments should be scheduled, if possible, at times when the student will not miss instructional time.

A student who will need to leave school during the day must bring a note from his or her parent that morning and follow the campus sign-out procedures before leaving the campus. Otherwise, a student will not be released from school at times other than at the end of the school day. Unless the principal or superintendent has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

If a student becomes ill during the school day, the student should receive permission from the teacher before reporting to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student’s parent.

REPORT CARDS / PROGRESS REPORTS AND CONFERENCES

Report cards with each student’s grades or performance and absences in each class or subject are issued to parents at least once every six weeks.

At the end of the first three weeks of a grading period, parents will be given a written progress report if their child's performance in any course is near or below 70. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See **Working Together** on page 5 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal/superintendent and are designed to reflect each student's academic achievement for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL).]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

SAFETY

Student safety on campus and at school-related events is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student should:

- Avoid conduct that is likely to put the student or other students at risk.
- Follow the behavioral standards in this handbook and the *Student Code of Conduct*, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Paint Creek ISD purchases a blanket policy for student accidents. This policy covers all students PK-12 students while at school or while participating in extra-curricular activities and sponsored events supervised by the District. This policy **DOES NOT** pay 100% of the claim; parents will be responsible for any balance. If the parent has a major medical insurance policy, the school coverage will be supplementary. Parents will have the option to add to the school coverage by purchasing a 24-hour policy; insurance forms are distributed during school registration.

If an injury occurs, the student must report it to the school principal/supervisor immediately.

Drills: Fire, Tornado, and Other Emergencies

From time to time, students, teachers, and other district employees will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Fire Drill Bells

3 bells	leave the building
1 bell	halt; stand at attention
2 bells	return to the classroom

Weather Alert Announcements

1	prepare for bad weather
2	quietly move to school cellar
3	duck and cover

Emergency Medical Treatment and Information

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school would need to have written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school secretary to update any information that the nurse or the teacher needs to know.

Emergency School-Closing Information

Announcements will be made over KVRP radio (97.1FM/1400AM) and the Abilene television stations.

SAT, ACT, AND OTHER STANDARDIZED TESTS

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year. (Prior to enrollment in a Texas public college or university, most students must take a standardized test, such as the Texas Higher Education Assessment [THEA]).

SCHOOL FACILITIES

Use By Students Before and After School

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place. Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or

campus. **After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a teacher, students must leave campus immediately.**

During bad weather/cold days only, the following areas are open to students before school, beginning at 7:45 a.m.

- Elementary (PK-5) Cafeteria
- Secondary (6-12) Gym (bleachers only)

Conduct Before and After School

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the *Student Code of Conduct* or any stricter standards of behavior established by the sponsor for extracurricular participants.

Use of Hallways During Class Time

Loitering or standing in the halls during class is not permitted. A student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the *Student Code of Conduct*.

Cafeteria Services

The district participates in the National School Lunch Program and offers students nutritionally balanced lunches daily. Free and reduced-price lunches are available based on financial need. Complimentary breakfasts are served to all students free of charge. Information about a student's participation is confidential. See the Superintendent to apply.

The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. [For more information, see policy CO(LEGAL).]

Library

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use during the school day.

Meetings of Noncurriculum-Related Groups

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

SCHOOL SUPPLIES

At the present time, required school supplies are being provided by the Paint Creek ISD.

Students will be allowed to carry backpacks that will fit in their locker. The school reserves the right to revoke the backpack privilege at any time.

SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

Students' Desks and Lockers

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

Vehicles on Campus

Vehicles parked on school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the permission of the student. A student has full responsibility for the security and content of his or her vehicle and must make certain that it is locked and that the keys are not given to others. [See also the *Student Code of Conduct*.]

Trained Dogs

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

Drug-Testing

[For further information, see policy FNF(LOCAL).]

SPECIAL PROGRAMS

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the

district or by other organizations. A student or parent with questions about these programs should contact the principal.

STEROIDS

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

TAKS (TEXAS ASSESSMENT OF KNOWLEDGE AND SKILLS)

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated tests (such as TAKS: the Texas Assessment of Knowledge and Skills) in the following subjects:

- Mathematics, annually in grades 3–11
- Reading, annually in grades 3–9
- Writing, including spelling and grammar, in grades 4 and 7
- English language arts in grades 10 and 11
- Social studies in grades 8, 10, and 11
- Science in grades 5, 8, 10, and 11
- Any other subject and grade required by federal law

[See policy EKB(LEGAL).]

TARDINESS

Even a few minutes missed each day can cause a student to miss valuable skills and fall behind in his/her work. Tardies will be unexcused unless a note is presented from previous teacher or other school personnel verifying whereabouts.

3 unexcused tardies = 1 unexcused absence

TESTING/EXEMPTIONS

Students will participate in routine testing and other measures of achievement, including periodic TAKS benchmarking. Additionally, all high school courses will have as part of the course requirements a semester and final exam. All high school students will be required to take the exam unless exempt. Any high school student may exempt semester and /or final exams if all of the following guidelines are met:

- 80-89 average – student may have no more than one absence from the class
- 90-100 average – student may have no more than two absences from the class

Notice:

- Any student who has been suspended or in DAEP during the school year shall not be exempt from any exams.
- Any student who has been in ISS during the semester shall not be exempt.
- Exemptions will be granted on a class-by-class basis.
- An absence is an absence regardless of the cause.
- Three unexcused tardies equal one unexcused absence.
- Exams will be given on dates and at times determined by the principal.

TEXTBOOKS

State-approved textbooks are provided to students free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. A student who is issued a damaged book should report the damage to the teacher. Any student failing to return a book issued by the school loses the right to free textbooks until the book is returned or paid for by the parent; however, the student will be provided textbooks for use at school during the school day.

TRANSFERS

[See **Other Parental Rights**, on page 9, and **Options and Requirements for Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education**, on page 10, for other transfer options.]

TRANSPORTATION

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school. Further information may be obtained by calling the Superintendent's office at 940-864-2471.

See the *Student Code of Conduct* for provisions regarding transportation to the Disciplinary Alternative Education Program (DAEP).

Students are expected to assist district staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in district vehicles, students are held to behavioral standards established in this handbook and the *Student Code of Conduct*. Students must:

- Follow the driver's directions at all times.

- Enter and leave the bus or van in an orderly manner at the designated stop nearest home.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the bus, van, or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the bus or van.
- Not possess or use any form of tobacco on school buses.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Wait for the driver’s signal upon leaving the bus or van and before crossing in front of the vehicle.

When students ride in a district van or passenger car, seat belts must be fastened at all times.

Misconduct will be punished in accordance with the *Student Code of Conduct*; bus-riding privileges may be suspended.

1st suspension – 3 days

2nd suspension – 5 days

3rd suspension – removed for the semester or year

VANDALISM

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the *Student Code of Conduct*.

VIDEO CAMERAS

For safety purposes, video/audio equipment may be used to monitor student behavior on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video/audio recordings routinely and document student misconduct. Discipline will be in accordance with the *Student Code of Conduct*.

VISITORS TO THE SCHOOL

General Visitors

Parents and others are welcome to visit Paint Creek ISD. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the principal’s office, where a visitor’s badge will be issued.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

Visitors Participating in Special Programs for Students

On High School Career Day, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

WITHDRAWING FROM SCHOOL

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

WHAT TO DO IN CASE

- ***YOU ARE HURT OR ILL:*** Report your condition to your teacher. Parents will be notified, if possible, to pick up sick students. Under no circumstances will a child be left at home without the parent being there.
- ***YOU HAVE BEEN ABSENT:*** Report to the office, with your note, for a class admission slip as soon as you arrive at school.
- ***YOU PLAN TO LEAVE SCHOOL BEFORE FINAL BELL:***
 - 1) Bring a written note signed by your parent or guardian to the office before 8:00 a.m., stating the time and reason for your plans and a telephone number where your parent or guardian may be reached.
 - 2) You **MUST SIGN OUT** in the office before leaving the campus.
- ***YOUR ADDRESS OR PHONE NUMBER CHANGES:*** Report any change in your address or telephone numbers for home or work of your parents to the office.
- ***YOU NEED TO CALL A PARENT:*** The school telephones are for school business. Students are not to use them without permission and then only in case of definite need.

GLOSSARY

Accelerated instruction is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level.

ACT refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

Alternative assessment instrument, developed by the state, may be given to students in special education and students identified as limited English proficient.

ARD is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student's parents are part of the committee.

Attendance Review Committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit lost because of absences.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the *Student Code of Conduct*. Students in the DAEP will be separated from students not assigned to the program. The DAEP will focus instruction on English language arts, mathematics, science, history, and self-discipline, and provide for students' educational and behavior needs, as well as supervision and counseling.

FERPA refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

IEP is the written record of the Individualized Education Program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; modifications to state or districtwide tests, etc.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the *Student Code of Conduct*. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

NCLB Act is the federal No Child Left Behind Act of 2001.

Personal Graduation Plan (PGP) is required by state law for any student in middle school or higher who fails a section on a state-mandated test or is identified by the district

as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

SAT refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined by an ARD committee to be eligible for special education services, appropriate regular educational services will be provided.

State-mandated tests are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the grade 11 exit-level test is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board; identifies the circumstances, consistent with law, when a student may be removed from the classroom or campus. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion, and states whether self-defense is a consideration in suspension, DAEP placement, or expulsion. The *Student Code of Conduct* also addresses notice to the parent regarding a student's violation of one of its provisions.

TAKS is short for the Texas Assessment of Knowledge and Skills, the state's standardized achievement test currently given to students in certain subjects in grades 3–11.

UIL refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

FORMS PACKET

Parent/Student Acknowledgement of Paint Creek ISD 2007-2008 Student Handbook and Student Code of Conduct

My child and I have received a copy of the Paint Creek ISD *Student Handbook* and the *Student Code of Conduct* for the 2007–2008 school year. I understand that the handbook contains information that my child and I may need during the school year. I also understand and agree that my child will be held accountable for the behavior and consequences outlined in this policy while at school and school-sponsored activities. I understand that any student who violates the policies set forth by Paint Creek ISD will be subject to the disciplinary consequences outlined in the Code, including referral for criminal prosecution for violations of the law when applicable.

Printed name of student: _____

Signature of student: _____

Signature of parent: _____

Date: _____

Please sign and date this page and return it to the school office. Make sure you have completed and returned one form for each student you currently have enrolled in Paint Creek ISD.

Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information

State law requires the district to give you the following information:

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want Paint Creek ISD to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by September 6, 2007, (within ten days of the child's first day of instruction for the current school year).

This means that the district must give certain personal information (called "directory information") about your child to any person who requests it, unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may, or may not, use certain personal information about your child for specific school-sponsored purposes. The district is providing you this form so you can communicate your wishes about these issues. [See **Directory Information** on page 12 for more information.]

DIRECTORY INFORMATION

For the following school-sponsored purposes: student directory, student yearbook, or district publication, Paint Creek ISD has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Degrees, honors and awards received
- Dates of attendance
- Grade level
- Most recent educational institution attended
- Participation in officially recognized activities and sports
- Weight and height, if member of an athletic team

Directory information identified only for limited school-sponsored purposes remains otherwise confidential and will not be released to the public without the consent of the parent or eligible student.

Parent: Please circle one of the choices below:

I, parent of _____ (*student's name*),
(do give) (do not give) the district permission to use the information in the above list for the specified school-sponsored purposes.

Parent signature _____

Date _____

For all other purposes, Paint Creek ISD has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Major field of study
- Degrees, honors and awards received
- Dates of attendance
- Grade level
- Most recent educational institution attended
- Participation in officially recognized activities and sports
- Weight and height, if member of an athletic team

Parent: Please circle one of the choices below:

I, parent of _____ (*student's name*),
(do give) (do not give) the district permission to release the information in this list in
response to a request unrelated to school-sponsored purposes.

Parent signature _____

Date _____

**Parent's Response Regarding Release of Student Information
to Military Recruiters and Institutions of Higher Education**

Federal law requires that the district release to military recruiters and institutions of higher education, upon request, the name, address, and phone number of secondary school students enrolled in the district, unless the parent or eligible student directs the district not to release information to these types of requestors without prior written consent. [See **Release of Student Information to Military Recruiters and Institutions of Higher Education** on page 12 for more information.]

Parent: Please complete the following only if you do not want your child's information released to a military recruiter or an institution of higher education without your prior consent.

I, parent of _____ (*student's name*), request that the district **not** release my child's name, address, and telephone number to a military recruiter or institutions of higher education upon their request without my prior written consent.

Parent signature _____

Date _____

APPENDIX
Acknowledgment Form—Amendment

My child and I have received a copy of the Paint Creek ISD *Student Handbook* Amendment # _____ dated _____ .
