

# Grant Expenditure Survey

The federal government recently released grant funds (AKA - ESSER Grant) to help schools recover from the after-effects of the pandemic. Paint Creek ISD will receive approximately \$324,000 to be utilized over the next three years. The money has to be used for the allowable expenses, as outlined in the grant application. Please answer the following question. You may choose more than one option. If you want to explain or elaborate the reason for your response, please do so in the comment section.

Please complete the survey by noon on Tuesday.

This form is automatically collecting emails for Paint Creek Independent School District users. [Change settings](#)

Please choose the activities you think the grant funds should be used for to help our students recover from the pandemic.

Checkboxes

- Evidence-based intervention strategies to address student learning loss ✕
- Mental health needs of students ✕
